GENERAL NOTICE No. 603. S.M.P. 21621/7

NOTICE.

With reference to General Notice No. 603 dated 13th June, 1933, the following notice published in the Press in the United Kingdom on the 29th April, 1933, is published for general information:—

The Bank of England have given notice in the London, Edinburgh and Belfast Gazettes calling in, on the 31st July next, Currency Notes (or Treasury Notes as they are sometimes called) of the Third Series, the liability for which was transferred to the Bank when the Note Issues were amalgamated in November, 1928, and the present £1 and 10*s*. Bank Notes were first issued. Notes of the First and Second Series were called in by His Majesty's Treasury in June, 1920.

The £1 Currency Notes of the Third Series were first issued in February, 1917, and were printed in brown; the 10*s*. Currency Notes were first issued in November, 1918, and were printed in green; the Notes each bear the facsimile signature either of Sir John Bradbury or of Sir N. F. Warren Fisher as Secretary to the Treasury.

Until the 31st July, 1933, the Currency Notes will continue to be legal tender and may be used in the ordinary way, but Members of the Public, however, would be well advised to pay any of such Notes in their possession into their Banking Accounts, or, if they have no Banking Account, to exchange them for Bank Notes at a Head Post Office, in order to avoid any inconvenience which might result from retaining them after that date,

As from the 1st August, 1933, Currency Notes will cease to be legal tender, but they will continue to be exchangeable at the Head Office of the Bank of England for Bank Notes of the same value.

The Bank of England £1 and 10*s*. Notes are not affected by the present notice.

The farms enumerated in the May report are still available for alienation.

(6) ANIMAL HUSBANDRY.

(a) **Cattle.**—Towards the end of the month some rain fell in the coastal areas. Elsewhere in the Territory dry conditions obtained, and in parts of the Northern Province Masai cattle were being forced into fly belts and on to farms. In general, however, stock maintained their condition, though a decrease in milk production was observed.

Arrangements have been made for the quarantine in Dar es Salaam of stock intended for the Zanzibar market, should it be possible to develop this trade. The Veterinary Officer in Dar es Salaam is authorized to issue the health certificates required by the Zanzibar Government.

Specimen cattle sales throughout the Territory in June were as follows:—

Market	Number Sold	Average Price

Mwanza	251	19 00

(b) **Hides and Skins.**—The market was active during the month at increased prices, quoted in the May report. Specimen production figures for June were as follows:—

	Kgs.
Mwanza	16,055
Tabora	12,958
Kondoa	10,478
Mpwapwa	4,670

Instruction and demonstrations in the efficient preparation of hides were continued in many districts, and reports from London Agents expressed considerable satisfaction with the quality of the shade-dried hides now being exported.

(c) **Ghee.**—Prices improved somewhat during the month, Isabe ghee fetching Shs. 2/- more per tin of 16kgs., now priced at Shs. 22/-. Best quality Iringa ghee sold at Shs. 24/- to Shs. 25/- per 16kgs.

Specim . . production figures were:—

(7) VETERINARY.

(a) **Rinderpest.**—In the Northern Province the one remaining focus at Ngorongoro causes some anxiety in view of the incidence of the infection in game. The Central and Western Provinces are considered clear, but quarantine in the Mkalama and Mwangoi areas is being retained for another month as a precaution. Six out of the fifteen infected areas in the Lake Province were reported to have been cleared of infection during the month, but a small outbreak was reported from Mwanza District through suspected illicit movements of sick cattle. In this Province the disease is now confined to the extreme north of Usukuma, a small part of Bukoba and most of Musoma District.

(b) **Other Stock Diseases.**—Contagious Bovine Pleuro-Pneumonia remained on the whole quiescent, with small mortality. Reorganization of quarantine areas was effected in the Pallalet locality, where the disease is still active in four bomas.

Severe outbreaks of east coast fever were recorded in Arusha and the Manyara area of Masailand, while mortality in stock was reported from the Handeni, Same and Korogwe Districts of the Tanga Province, from Mpwapwa, Singida and Kondoa in the Central Province and from three areas in the Iringa Province. In Bagamoyo nine deaths occurred, but the epizootic appears to be dying down.

An outbreak of Anthrax was responsible for seventy-three deaths in cattle on Ukerewe Mainland during the past three months, but has now subsided.

Mange in sheep and goats is widespread in the Central Province. In view of the serious effect of this disease on the skin trade a dipping campaign was opened during the month.

(8) AGRICULTURAL.

(a) **Bukoba Coffee Returns.**—The June return of coffee graded and inspected at Bukoba gives the following totals (in bags of 200lbs. each), the figures for the half-year being also shown:—

Period	Type	Graded		Inspected		Total passed for Export
		G.A.Q.	F.A.Q.	Passed for Export	Rejected	
June	Arabica	58	8,776	—	1,142	8,834
January-June	,,	101	15,307	131	2,757	15,539
June	Robusta	—	9,003	—	1,152	9,003
January-June	,,	68	18,081	15	3,641	18,164

(b) **Locusts.**—In the Lake and Western Provinces peripatetic flights of migratory locusts were reported in Mwanza and Kahama and entering Biharamulo from the south. Scattered swarms of red locusts were reported from Biharamulo, heading generally north-west. No reports were received from Shinyanga or Tabora.

The Central Province was reported as clear.

In Iringa Province, Rungwe was clear, but small diffuse swarms of red locusts reported from Mebya District when slight damage was done to leguminous cover crops in coffee plantations.

With the above exceptions the Territory generally was clear of locusts and the position regarded as satisfactory. Food crops suffered little or no damage.

Digitized by Google

(c) **Crop Estimates.**—The month of June allowed a general revision of the crop estimates. The food situation is serious in certain localities, notably in Handeni District and the south and south-east of Masasi, while in some other parts of the Territory local requirements will absorb most of the food crops, with a consequent reduction in the surplus available for export. The coffee crop has also suffered badly from drought, the final out-turn from Arusha being estimated at 60 per cent. of the anticipated crop. It is expected, however, that on the whole the exports of the main economic agricultural products will equal those of 1932.

It is possibly in a season of drought, such as was experienced this year, *that the* value of the campaign for increased crop production can be most readily assessed. Had there been only the normal native plantings of some years ago the failure of the rains this year would inevitably have resulted not only in a regrettable reduction in exports but in very serious famine conditions over a great many areas in the Territory.

The estimates of the Department of Agriculture as on the 30th June give the following figures, in tons of 1,000kgs., the actual exports of 1932 being quoted for comparison:—

Crop	Estimated Sales 1933	Actual Exports 1932	Crop	Estimated Sales 1933	Actual Exports 1932
Sisal	65,200	61,523	Sesame	5,000	4,888
Coffee	11,150	11,544	Rice	10,150	5,471
Cotton Lint ...	3,950	3,262	Paddy	5,950	
Cotton Seed ...	5,100	2,678	Other Cereals ...	10,050	7,441
Groundnuts ...	18,750	16,128	Beeswax	550	397
Copra	8,000	7,381	Tobacco	180	*75

*The exports of tobacco include cigarettes and manufactured and unmanufactured tobacco.

The cotton crop has suffered seriously from drought in the Tanga Province, being almost a complete failure in the Pare District. In the Eastern Province there have been some beneficial rains which should materially improve the yield of the late plantings. In the Lake Province conditions are unchanged.

The estimate for the various areas is as follows:—

Eastern Province	12,000 bales
Tanga and Northern Provinces	500 ,,
Lake and Western Provinces	8,000 ,,
Lindi Province	650 ,,
Total ...	21,150 bales

(d) **Sisal.**—The sisal market continued active, with little change in prices. At the end of June the London quotation was rather better than £17 15*s*. for July-September consignments, with £18 5*s*. for forward shipments (October-December).

The following extract from an article by the Chairman of the Rope, Twine and Net Manufacturers' Federation will possibly be of interest to the sisal industry:—

"Examination of the figures of the imports of hemp and hemp tow into the United Kingdom reveals the recent tendencies of the trade. It will be noted that there is a steady relative decline in the use of soft fibres such as true hemp (*Cannabis Sativa*) and Indian hemp (*Crotalaria Juncea*) and a steady relative increase in the use of hard fibres. As between the two principal hard fibres used, East African sisal is steadily gaining ground at the expense of Manila, although for marine purposes the latter still maintains its supremacy."

The figures are as follows:—

Imports	1912–13 (Average) 1,000 tons	1924 1,000 tons	1929 1,000 tons	1930 1,000 tons	1932 1,000 tons
True Hemp	25·2	11·5	11·8	9·0	6·2
Indian (Sunn) Hemp	15·8	7·4	5·0	3·9	3·2
Manila	73·9	63·7	50·6	50·2	22·3
Sisal	(not given)	6·7	5·1	4·5	17·0
Percentage of Sisal to Total ...	—	7·5	7·0	6·7	34·9

"The figures since 1932 will reveal a much greater consumption of Empire Sisal."

"With a view to promoting the use of this fibre the rope and twine makers in Great Britain have entered into alliance with the producers of Empire Sisal through the medium of a special *ad hoc* committee which considers all such matters as—

Grading.
Contract Forms.
Improved methods of production, and so on."

(9) GENERAL.

(a) **Road Communication with Ruanda-Urundi.**—The authorities of the Belgian Mandated Territory have established road communication with the Tanganyika transport system by building a bridge across the Murusenyi Stream and an embankment across the Chizane Swamp on the Bugufi-Urundi border. The Governor of Ruanda-Urundi, on a visit to Biharamulo and Bukoba, motored from Muhinga, and stated that there was a possibility of fairly regular traffic on the new route.

The appointment of Ngara sub-station as a port of entry under the Immigration, Customs and Arms and Ammunition Ordinances is under consideration.

(b) **Enquiries.**—A mercantile broker, produce and commission agent in Johannesburg is anxious to be placed in communication with exporters of oil seeds, beeswax and other local produce. The principal has had twelve years experience on the Baltic and Mark Lane Exchanges in London and has been established in South Africa since 1904. Enquirers will be given all necessary information on application to this office.

2. The rights of occupancy shall be for 99 years from 25th October, 1933, and the rent shall be payable yearly in advance from that date. The rent shall be subject to revision by the Governor at the end of five years from the opening of a railway approaching within sixty miles of the land (such date being not, however, less than ten years from the commencement of the rights of occupancy) or at the end of twenty years from the commencement of the rights of occupancy whichever shall first occur and thereafter at intervals of twenty years. If the rent is below one shilling an acre at the date of the opening of a railway, if that occurs before the first normal revision period, the revised rent, on account of the provision of a railway, will not be more than one shilling per acre. If on account of the opening of a railway before the expiration of such first revision period rents come up for revision those at the rate of one shilling an acre and over will not be increased on that account; nor would they be reduced on that account.

3. The purchaser of each farm shall pay to the District Officer, at the time of the sale, as a deposit on account of survey fees the amount stated in the schedule hereto.

5. The right is reserved to Government to collect royalty on trees gazetted as valuable under the Forest Rules.

6. The purchase of the right of occupancy shall confer no Water Rights. These rights will be determined subsequently by the Water Board and shall be the subject of a special agreement between Government and the purchaser.

GENERAL NOTICE No. 890. NOTICE. S.M.P. 21260/15

The following translation of a notice issued by the Government of Ruanda-Urundi is published for general information:—

D. J. JARDINE,
Chief Secretary to the Government.

Dar es Salaam, 16th August, 1933.

It is notified for the information of all persons, with the exception of natives of the Belgian Congo, Ruanda-Urundi and adjoining colonies, desirous of entering the Belgian mandated territory of Ruanda-Urundi, that the various laws and regulations relating to immigration in that territory will, in future, be rigorously enforced.

By virtue of the Governor General's Ordinance of the 8th March, 1922, approved by a Decree of the 8th August, 1922, and applied to Ruanda-Urundi on the 4th June, 1928, and of the amendments thereto, the following persons are regarded as undesirables:—

1. Any person who, owing to lack of education, is unable to read and write a European language to the satisfaction of the Immigration Officer or such officer as may be duly authorized. The applicant's knowledge of the language must be sufficient to enable him to keep ordinary commercial and industrial accounts in that language.

2. Any person who, by reason of lack of means of support or on account of infirmity, is liable to become a charge on the Government, and any persons dependent on him.

3. Any person who has been prosecuted or convicted in a foreign country of an offence against any extradition convention or who, owing to circumstances in connection with such offence is, in the opinion of the competent authority, an undesirable.

All persons desirous of entering the Territory of Ruanda-Urundi are reminded that the following documents must be produced to the Immigration Officer:—

1. A passport, duly visaed by the Belgian Authorities in the country in which the applicant resides. In the case of Belgians, an identity card will be accepted in lieu of a passport. These documents, i.e. a passport or an identity card, must bear the signature and a recent photograph, stamped either by means of embossing or with a rubber stamp.

2. An extract from the "*casier judiciare*" or a certificate of good character and morals issued within one year of the date of application. In cases where such documents are not issued in the country in which the applicant resides, an affidavit or similar document will be accepted in lieu. In the case of an applicant who has resided for less than a year in the country from which he proceeds to Ruanda-Urundi such certificate, extract or affidavit must be obtained both from the country in which the applicant resides and also from the applicant's country of origin or the country in which he had resided previously. The signature to such documents must be authenticated at the place of departure, by a Belgian Authority or, alternatively, by the Consul of the country of which the applicant is a native.

3. A medical certificate to the effect that the applicant is free from any contagious disease.

The Immigration Officer is empowered to demand a deposit from any person who, not being an undesirable, is unable to produce evidence of a credit in Ruanda-Urundi of fifty thousand francs or a contract of service for not less than six months with a non-native employer who is both well-known and solvent.

A residence permit will not in future be issued to any person who, although possessing the necessary credentials as described above, is unable to produce such credentials to the Immigration Officer at the time when he applies to enter the Territory. This restriction also applies to any person who, although able to produce the necessary documents, has been reported to the Government of Ruanda-Urundi, whether by the Belgian Government or by a foreign Government, as being of doubtful character or undesirable in Ruanda-Urundi, either as a traveller or resident.

This notice is subject to any immigration laws or regulations which may subsequently be introduced in Ruanda-Urundi.

This notice will take effect from the 1st October, 1933.

Notice is hereby given that rights of occupancy in respect of seventeen parcels of land as described in the schedule attached, situated in the Oldeani area of the Mbulu District, Northern Province, will be sold by public auction at the District Office, Mbulu, on Wednesday, 25th October, 1933, at 10 a.m.

Particulars of the farms and a plan thereof may be obtained at the District Office, Mbulu, or at the Land Office, Dar es Salaam.

The rights of occupancy will be sold subject to the conditions of sale contained in General Notice No. 49 of 1933, published in the *Gazette* dated 13th January, 1933, and to the following special conditions:—

1. The upset rental of each farm shall be Cents 50 per acre per annum.

2. The rights of occupancy shall be for 99 years from 25th October, 1933, and the rent shall be payable yearly in advance from that date. The rent shall be subject to revision by the Governor at the end of five years from the opening of a railway approaching within sixty miles of the land (such date being not, however, less than ten years from the commencement of the rights of occupancy) or at the end of twenty years from the commencement of the rights of occupancy whichever shall first occur and thereafter at intervals of twenty years. If the rent is below one shilling an acre at the date of the opening of a railway, if that occurs before the first normal revision period, the revised rent, on account of the provision of a railway, will not be more than one shilling per acre. If on account of the opening of a railway before the expiration of such first revision period rents come up for revision those at the rate of one shilling an acre and over will not be increased on that account; nor would they be reduced on that account.

3. The purchaser of each farm shall pay to the District Officer, at the time of the sale, as a deposit on account of survey fees the amount stated in the schedule hereto.

5. The rights of occupancy are subject to the provisions of the Forest Rules, 1933.

6. The purchase of the right of occupancy shall confer no Water Rights. These rights will be determined subsequently by the Water Board and shall be the subject of a special agreement between Government and the purchaser.

GENERAL NOTICE No. 1030. S.M.P. 20989/54

NOTICE.

Non-Native Poll Tax.

It is hereby notified, for general information, that Government has under consideration the substitution of the Schedule of Rates of Poll Tax set out below for those contained in Schedule I of the Non-Native Poll Tax Ordinance (No. 3 of 1932). It is proposed to effect this alteration by means of an amending Bill which will be submitted to the Legislative Council at its next meeting.

2. The new Bill will provide a small additional revenue. By effecting a steeper graduation upwards of taxation on annual incomes in excess of £500 a year it provides a scale of assessment which will remove certain anomalies arising out of the present schedule that conflict with the accepted principle that taxation should conform as closely as possible to capacity to pay. Rates in the new schedule conform generally with those adopted in Kenya.

Digitized by Google

3. The new rates do not alter in any way the sums payable in respect of incomes not exceeding £500 a year. The percentage payable on incomes between £200 and £500, therefore, remains between 1 per cent. and 1·5 per cent. Under the existing schedule the percentage on incomes between £500 and £2,000 varies between 1 per cent. and 1·2 per cent. With the proposed new rates, the percentages will be approximately as follows:—

Incomes between £500 and £800 from 1·1 per cent. to 1·6 per cent.; between £800 and £1,600 from 1·5 per cent. to 2 per cent.; between £1,600 and £2,400 from 2 per cent. to 3 per cent.; between £2,400 and £3,000 from 3 per cent. to 4 per cent.; and between £3,000 and £10,000 from 3·6 per cent. to 5 per cent. The maximum amount payable under the present schedule is £30, all incomes over £2,000 being assessed at this rate. Under the proposed schedule the rate varies in respect of each £100 increase in income between £2,000 and £2,500, in respect of each £500 increase in income between £2,500 and £4,000; and in respect of each £1,000 increase in income between £4,000 and £10,000 while incomes over £10,000 are assessed at £500.

If the rent is below one shilling an acre at the date of the opening of a railway, if that occurs before the first normal revision period, the revised rent, on account of the provision of a railway, will not be more than one shilling per acre. If on account of the opening of a railway before the expiration of such first revision period rents come up for revision those at the rate of one shilling an acre and over will not be increased on that account; nor would they be reduced on that account.

(2) AGRICULTURAL.

(a) **Crop Reports and Estimates.**—The coffee crop has been less affected by the drought than was at first feared. The output from Arusha is expected to exceed last year's production by 25 per cent., while an average crop is indicated in Usambara and Moshi. In the latter district heavy showers retarded drying operations.

Cotton-picking was general, a fair crop being estimated in Lindi and Rufiji. In Morogoro District a good yield is expected from the early plantings, but later plantings showed less promise. In the coast area of the Eastern Province the main crop had not matured, and yields were small but of high quality. It is considered that the rain during the month will benefit the later plantings.

The food position was on the whole unchanged, with no serious shortages. There was considerable food-planting activity over many areas, with every indication of ample supplies in the immediate future.

The crop of Heavy Western tobacco is estimated to reach 35 tons in Iringa and ¾ ton in Masasi. The production of Turkish leaf in Iringa is estimated at 4 tons.

(b) **Bukoba Coffee Returns.**—The August return of coffee graded and inspected at Bukoba gives the following totals (in bags of 200lb. each), the figures for the eight months being also shown:—

Type	Period	Graded		Inspected		Total passed for Export
		G.A.Q.	F.A.Q.	Passed for Export	Rejected

,,	January-August ...	68	40,854	15	10,269	40,937

(c) **Sisal.**—The sisal market remained firm, with some improvement. A feature of the market towards the end of the month was the strong demand for immediate supplies, of which the quantity was limited, and which commanded a premium of 7*s.* 6*d.* a ton over forward shipments. On the 4th of September stocks for immediate delivery were practically non-existent, and a quotation is not given. The following weekly price movements in Tanganyika and Kenya No. 1 have been supplied by the Commissioner of the London office:—

(d) **Locusts.**—The Territory continued to be free from migratory locusts. Red locusts were again reported from the Ufipa and South Tabora areas.

(3) ANIMAL HUSBANDRY.

(a) **Cattle.**—With the exception of Masailand and Mbulu, where drought conditions continued and cattle were dying of starvation, stock conditions on the whole were better than normal during August.

Specimen cattle sales throughout the Territory during the month were:—

Market	Number Sold	Average Price
		Shs. Cts.
Bukoba	2,997	37 00
Mwanza	584	18 50 (Primes Shs. 24/-)

(b) **Hides and Skins.**—A further fall of 50 cents a frasila on shade-dried and Sh. 1/50 per frasila on sun-dried hides, as compared with the prices on the 16th August, was recorded in reports received on the 7th September. At the time of writing the following comparative quotations (per frasila of 16kgs. f.o.r. Dar es Salaam) for the quarter beginning on the 1st July are recorded:—

During August, therefore, the movement of hides prices was distinctly downwards, reaching its lowest level for the quarter early in September. The recovery in the prices of shade-dried hides in October is somewhat reassuring, and provides further encouragement for the efforts to increase the proportion of shade-dried hides to the total exports of hides from the Territory, the premium over sun-dried being now over 40 per cent.

Specimen district production figures for August were:—

	kgs.
Moshi	38,000 (exports)
Singida	22,348 ,,
Mwanza	18,300 ,,
Bukoba	18,235 ,,
Kondoa	10,700
Korogwe	6,840
Western Province	19,743 (exports)

(c) **Ghee.**—The price of Isabe (Kondoa) ghee declined in Dar es Salaam to Shs. 19- per 16kgs.; but that of ghee from other areas remained generally steady, Musoma ghee has recently appeared on the coast market, and has been very favourably received, the price quoted being Shs. 19/- per frasila. Samples of this ghee from North Mara won first prize at the Mwanza Exhibition.

Specimen production figures for August, with district prices, were:—

	Kgs.		Average Price per kg. Shs.	Cts.
Musoma	8,518	(butter ghee)	0	80

(4) VETERINARY.

(a) **Rinderpest.**—One isolated focus remained in the Northern Province and eight in the Lake Province at the end of August. The rest of the Territory was free from infection.

(b) **Other Stock Diseases.**—Contagious bovine pleuro-pneumonia was quiescent in most parts of the Masai, Handeni and Same Districts, to which it was confined. The Pallalet area was used as a quarantine concentration area for infected herds.

East coast fever caused heavy mortality in parts of the Northern and Tanga Provinces, on Mafia Island, and in the Singida, Kondoa and Tukuyu Districts.

A case of suspected rabies was reported from Musoma District. No further cases have been recorded in Loliondo.

(5) MINING.

The Commissioner of Mines reports the following exports of minerals during the month of August:—

(9) GENERAL.

(a) **Mwanza Exhibition.**—The Lake Province Agricultural Show and Trade Exhibition, held at Mwanza on the 8th, 9th and 10th of August, was regarded as completely successful. The Chairman of the Organizing Committee, Major W. E. H. Scupham, estimates that the total native attendance was about 50,000. In his report he quotes the following opinion of the Senior Agricultural Officer at Mwanza:—

> "The interest taken by natives in the Show as a whole was so great and unexpected that the Agricultural Officers concerned are sorry now that the Show did not last longer, so that they might have had a greater opportunity to explain to interested parties the whys and the wherefores of activities they are being persuaded to carry out in the field."

With regard to the Trade Exhibition Major Scupham states:—

> "The general feeling among the Commercial representatives present was that had they been aware of the interest taken by natives of the Province in new goods, and had they realized the extent, in the aggregate, of their purchasing power even greater efforts would have been made by the Commercial Community to show their wares at the Exhibition."

(b) **Enquiries.**—(1) A London firm of produce dealers is desirous of getting into communication with potential producers or exporters of Tapioca or Cassava Flour in Tanganyika.

(2) Another London produce firm is interested in East African green grams, and wishes to get in touch with local growers or suppliers.

(b) **Sisal.**—At the beginning of the month there was a very active demand on the London market for immediate supplies, which commanded a premium over forward shipments. Towards the middle of the month there were evidences of a bear movement, which was well resisted by sellers, but not without some decline in prices. The following weekly price movements in Tanganyika and Kenya No. 1 sisal have been supplied by the Commissioner of the London office:—

NOTICE.

Special Exclusive Prospecting Licences.

With reference to General Notice No. 1126 of the 21st of October, 1933, to the effect that the powers contained in section 16 (4) of the Mining Ordinance, 1929 (No. 15 of 1929), which authorize the grant of exclusive prospecting licences over areas exceeding eight square miles, will no longer be exercised in respect of certain areas, viz., the Musoma, Mwanza and Mkalama Districts and the Lupa Controlled Area, it is notified for general information that such licences will in future not normally be granted in areas where a detailed geological survey has been carried out by Government.

2. It is also notified that a request for a variation of terms under section 16 (4) of the Mining Ordinance, 1929, does not constitute an application in the prescribed form within the terms of section 12 (c) of that Ordinance. An application for special terms under section 16 (4) does not prevent pegging by persons other than the applicant pending a notice in the *Gazette* to the effect that a special exclusive licence has been granted; and the notice granting the licence will normally provide three months' grace to prospectors who were in the area at some time during the three months prior to the date of its publication.

3. The boundaries of areas in respect of which special exclusive prospecting licences are granted must be easily ascertainable by other prospectors, such as lines joining intervisible hill-tops or other prominent features.

NOTICE.

Indian Civil Service.

The following notice regarding the competitive examination for the Indian Civil Service to be held in London in 1934 is published for general information. Any persons in the Territory requiring further particulars, such as syllabus, regulations or application forms, may address their enquiries to the Secretariat, Dar es Salaam.

P. E. MITCHELL,
Acting Chief Secretary to the Government.

Dar es Salaam, 12th December, 1933.

OPEN COMPETITION OF 1934.

An Open Competitive Examination for admission to the Indian Civil Service will be held in London in 1934. The viva voce test will take place in July, the written examination in Section B subjects will begin on the 25th July, and that in Section A subjects on the 1st August.

The number of persons to be selected at this examination has not yet been decided.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received, on or before the *8th May, 1934*, an application on the prescribed form, a copy of which is sent herewith. No allegation that an application form or a letter respecting such form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until the last days will do so at their own risk. A fee of £2, being an instalment of the prescribed fee of £8, must accompany the application form; this instalment is not returnable in any circumstances.

Acknowledgments of such application forms are sent, and any candidate who has filled up and returned the printed application form but has not received an acknowledgment of it within four complete days should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W.1. Failure to comply with this provision will deprive the candidate of any claim to consideration.

The time-table of the written part of the examination will probably be posted towards the end of June to the address given on the form of application, and will contain instructions as to the time and place at which candidates are to attend. Candidates will be notified at the same time of the date and place fixed for their viva voce test and of the manner in which the balance (£6) of the prescribed fee of £8 is to be paid.

The balance of trade for the period is shown in the following comparative statement:—

Imports	1,567,351	1,607,483
Trade Balance...	+171,982	+417,344

(c) **Customs Import Revenue.**—The net collections of Customs import revenue for the first eleven months showed an excess of about £20,000 over those for the corresponding period of 1932, and a surplus of about £32,000 over the proportionate revised estimate of £334,583. The comparative figures are as follows:—

	1932	1933
	£	£
January-August	245,721	251,227
September	32,544	39,818
October	36,120	*35,417

	347,714	367,313

*Includes Kenya-Uganda credits—Estimated at about £7,500 per month for October and November, 1933.

(2) AGRICULTURAL.

(a) **Bukoba Coffee Returns.**—The October return of coffee graded and inspected at Bukoba gives the following figures (in bags of 200lb. each):—

Type	Graded		Inspected		Total passed for export
	G.A.Q.	F.A.Q.	Passed for export	Rejected	
Arabica	11	1,840	144	158	1,995
Robusta	40	4,115	—	496	4,215

Digitized by Google

(b) **Sisal.**—The condition of the sisal market during October was somewhat quiet, except for near at hand arrivals which commanded attention. At the end of the month No. 1 was sold at £16 17*s.* 6*d.* to £17 2*s.* 6*d.* per ton, but since then prices have fallen and at time of writing this report No. 1 is quoted at £15 7*s.* 6*d.* The fall in price is attributed to the unsettled conditions brought about by the dollar exchange fluctuations, and uncertainty as to the future monetary policy of the United States of America.

(c) **Locusts.**—Slow-moving swarms of red locusts were present in the South Tabora-Ufipa country. Further eastward movement of swarms into the Mufindi-Njombe area are reported and preparations are being made for a campaign there. A few small swarms of the migratory locust have been located on the Ufipa Plateau.

(3) ANIMAL HUSBANDRY.

(a) **Cattle.**—Some rains fell throughout the Northern Province but shortage of grazing was almost universal. In Masailand cattle died of starvation, but in the Central Province they managed to retain condition to a surprising extent.

On the Government stock farms animals maintained condition fairly well though the heat and shortage of pasture were trying to the beasts. As a measure of economy it has been decided to close down the Njombe (Msima River) farm as early as possible.

Specimen cattle sales throughout the Territory in October were:—

Market	Number Sold	Average Price
		Shs. Cts.
Arusha	1,086	25 76
Moshi	1,976	22 43
Malambo	635	15 30
Dodoma	2,106	13 78
Kalema	624	8 53
Singida	575	7 36
Shinyanga	1,157	11 50
Mwanza	340	15 40
Nzega	200	11 50

(b) **Hides and Skins.**—The market prices improved during the month and trade was brisk and competition keen. The f.o.r. Dar es Salaam quotations received at time of writing being as follows, in shillings per frasila of 16kgs.

Date	Shade-dried			Sun-dried			
	1sts	2nds	3rds	1sts	2nds	3rds	4ths
	Shs. Cts.	Shs. Cts.	Shs. Cts.	Shs. Cts.	Shs. Cts.	Shs. Cts.	Shs. Cts.

7th September	18 00	14 00	10 00	13 00	10 00	7 00	4 25
2nd October	19 00	15 00	11 00	13 50	10 75	7 75	5 00
25th November	20 31	16 45	12 59	14 52	11 63	8 74	5 85

The new drying shed at Nzega is proving successful and the natives are gradually gaining confidence in the improved methods of preparing hides. Two drying sheds were completed at Kahama and another is in course of construction at Bukene.

(c) **Ghee.**—Supply showed a steady seasonal decline. In Singida most people running separators have suspended operations.

The demand for Isabe ghee continued and all supplies were readily disposed of at Shs. 20/- a tin (36lb.) at Dodoma and Shs. 25/- at Dar es Salaam. An attempt was made to find a market for this ghee in South Africa but the heavy import duty of Shs. 12/- a tin is a serious obstacle, and effectively precludes further trade in this direction.

Specimen production figures for October were:—

	kgs.		Average price per kg. Shs. Cts.
Musoma	9,439	(butter ghee)	1 00
,, ...	13,533	(ordinary)	0 60
Mwanza	7,615	(ordinary)	0 70
Dodoma	625	(1st quality)	0 72
,, ...	952	(2nd quality)	0 62
Kondoa	526	(ungraded)	0 60
Singida	175	(ungraded)	0 70

(4) VETERINARY.

(a) **Rinderpest.**—The disease is confined to the Musoma District lying immediately east of Lake Victoria on the Kenya-Tanganyika border, and Lake Jipe in the Same District, also on the Kenya-Tanganyika border. An intensive search has been made of suspicious areas but no sign of rinderpest infection was found in domestic stock.

(b) **Other Stock Diseases.**—Contagious bovine pleuro-pneumonia was still active amongst contact stock in the Pallalet quarantine. At all other quarantines the disease is quiescent. An outbreak of east coast fever occurred at Sadani and 137 head of cattle succumbed out of a total of approximately 600.

(5) MINING.

The Commissioner of Mines reports the following exports of minerals during the month of October:—

Mineral	Unit	Quantity 1932	Quantity 1933	Value 1932	Value 1933

Mwanza	204·50 ,,	,,	21,382

The total gold export up to the end of October was 32,318·38oz. as against 27,385·16oz. for the first ten months of 1932—an increase of 18 per cent.

(6) LAND.

The Land Department returns show that the following rights of occupancy were issued during the month of October:—

Nature of Plot	No. of Plots	Acreage	Annual rental
			Shs.

Of the Township plots fourteen were conversions from Kiwanja tenure in Dar es Salaam.

The following agricultural and pastoral holdings are available for alienation:—

Iringa Province. (a) Ubena area of Njombe District:

Seventeen pastoral farms, the average of each is about 5,000 acres. The upset rent is ten cents per acre per annum.

(b) Iringa District:

(9) GENERAL.

(a) **Tanganyika Coffee.**—It is of interest to record that at a recent auction sale held in London good prices were obtained for coffee from Mbosi and Mbeya in the Iringa Province. "Lunji" mark (Grade A) was sold at £134 10*s*. per ton and realized top price for Tanganyika coffee at the sale.

(b) **Enquiries.**—Messrs. H. Saiovici, of Strade Labirint No. 123, Bucarest IV, are anxious to get into touch with exporters in Tanganyika of coffee, tea, cocoa, cloves, pepper and sisal.
